Green Key Society Member - You can serve on Green Key Society as an elected representative or as a student organization representative. Running for Green Key Society is like running for anything else -- you first have to circulate a petition and get people to sign it, and then later students will vote online, at the same time as they vote for all the other positions in the spring. You can also enter Green Key Society through nomination by a student organization (each recognized student organization can nominate one student from their membership to serve on Green Key Society). Green Key Society is primarily a service organization. That is, when there are functions at the College that need student volunteer staffing, Green Key members help. Some examples of these functions include freshman orientation, homecoming, winter carnival, green key weekend, and commencement. Green Key members are all required to do a minimum amount of college service each term they are in residence in addition to attending bi-weekly organizational meetings. 2009 Student Assembly Class Rep - There are 10 student representatives from each class to Student Assembly. These students are automatic voting members on the Student Assembly and are therefore eligible to run for internal positions (Treasurer, Secretary, and Membership and Internal Affairs Committee). Throughout the year, these students aim to represent the interests of their classmates. For more information please see <http://sa.dartmouth.edu/>
